

Palak Mishra

Aspiring Software Engineer | Software Testing Intern

Kanpur, Uttar Pradesh | +91-7571043045 | mishrapalak9935@mpgi.edu.in

github.com/mepalak | linkedin.com/in/palak-mishra-0242bb339

PROFESSIONAL SUMMARY

Detail-oriented final-year B.Tech student with strong academic foundation in Software Engineering, Software Testing, SDLC, and Web Application Development. Skilled in manual testing, regression testing, integration testing, defect identification, requirement analysis, and test scenario creation through hands-on academic projects. Seeking a Software Testing Engineer internship to apply quality assurance skills and contribute to real-world testing processes.

EDUCATION

Bachelor of Technology (B.Tech) — Dr. A.P.J. Abdul Kalam University

2023 – 2027 (Pursuing)

Intermediate — Allahabad University

2022 – 2023

High School — Allahabad University

2020 – 2021

EXPERIENCE

No formal industry work experience listed. Practical, testing-relevant experience demonstrated through academic projects below. *Suggestion: add any internships, freelance work, or campus roles (e.g., lab assistant, coding club, hackathon team) if applicable — even short or unpaid roles strengthen this section.*

PROJECTS

Tic-Tac-Toe Game — HTML, CSS, JavaScript (2025)

- Designed and developed a responsive Tic-Tac-Toe game with interactive gameplay for desktop users.
- Built using HTML, CSS, and JavaScript; deployed with live demo and GitHub repository.
